The Committee met four times during the year and not more than four months elapsed between two meetings. The necessary quorum was present at the meetings. The attendance of the members of the Committee is given below:

Name of Directors	Category	No. of meetings held	No. Of meetings attended
Mr. R.M. Sharma	(non-executive director)	4	4
Mr. Dharmendra Singh	(independent director)	4	4

The CFO, Internal Auditors and Statutory Auditors are permanent invitees to the Audit Committee Meetings. Further, representatives from various departments of the company also attend the meetings as and when desired by the members of the Committee to answer and clarify questions raised at the Audit committee. The Company Secretary acts as the Secretary to the Committee.

4. NOMINATION AND REMUNERATION COMMITTEE

The Company had constituted a Nomination and Remuneration Committee comprising two directors viz.

1. Mr. Dharmendra Singh, Independent Director, and
2. Mr. R.M. Sharma, Non-Executive Director

All are non-executive directors and more than half are independent. Chairman of the committee is an independent director.

The Committee met twice (02) during the year, which was attended by all the members of the committee and discussed the remuneration policy.

Company Secretary and Compliance Officer acts as Secretary to the Committee.

The role of the committee includes the following:

1. Formulation of the criteria for determining qualifications, positive attributes and independence of a director and recommend to the Board a policy, relating to the remuneration of the directors, key managerial personnel and other employees;
2. Formulation of criteria for evaluation of Independent Directors and the Board;
3. Devising a policy on Board diversity;
4. Identifying persons who are qualified to become directors and who may be appointed in senior management in accordance with the criteria laid down and recommended to the Board their appointment and removal.
5. Whether to extend or continue the term of appointment of the Independent directors, on the basis of the report of performance evaluation of independent directors.

The Remuneration Committee also functions as the Compensation Committee as per SEBI guidelines on the Employees' Stock Option Scheme. The Company, however, has not yet introduced the Employees' Stock Option Scheme.

However, considering the performance of the company it was unanimously decided that no remuneration be payable to any of the directors of the company including the Executive Director.

5. REMUNERATION OF DIRECTORS:

Remuneration of employees largely consists of basic remuneration and perquisites. The component of the total remuneration varies for different grades and is governed by industry pattern, qualification and experience of the employees, responsibility handled by him and his individual performance.

The Committee met twice (2) during the year, which was attended by all the members of the committee and discussed the remuneration policy. The committee unanimously

decided against payment of any remuneration to the executive director as well as non-executive directors in view of not so encouraging performance of the company. The ratio of remuneration of each director to the median employee is therefore not comparable.

Company Secretary cum Compliance Officer acts as Secretary to the Committee.

6. STAKEHOLDERS RELATIONSHIP COMMITTEE

Presently the Stakeholders' Relationship Committee consists of Mr. Dharmendra Singh – Independent Director

The Committee, inter-alia, approves issue of duplicate certificates, oversees and reviews all matters connected with the securities transfers. The Committee also looks into redressal of shareholders'/investors' complaints. The Committee oversees the performance of the Registrar and Share Transfer Agent and recommends measures for overall improvement in the quality of investor services. The Company Secretary acts as the Secretary to the Committee.

In order to expedite the process of share transfers, the Board of Directors have nominated a Committee, who normally attend to the transfer and other related matters within a period of 10 days. The Committee of Officers operates subject to overall supervision and directions of Stakeholders' Relationship Committee.

Company Secretary cum Compliance Officer acts as Secretary to the Committee. The company is registered on SCORES (SEBI Complaints Redress System).

Independent Auditors' Report

To the Members of
SOUTHERN INFOSYS LIMITED

Report on the Audit of the Financial Statements

Qualified Opinion

We have audited the accompanying financial statements of **SOUTHERN INFOSYS LIMITED**("the Company"), which comprise the Balance Sheet as at 31st March, 2019, and the Statement of Profit and Loss, Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, except for the possible effects of the matter described in the **Basis for Qualified Opinion paragraph**, the aforesaid financial statements give the information required by the Companies Act, 2013 in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, and its profit, changes in equity and its cash flows for the year ended on that date.

- (a) In the case of the Balance Sheet, of the State of Affairs of the Company as at March 31, 2019; and
- (b) In the case of Statement of Profit and Loss account, of the loss for the year ended on date March 31, 2019.
- (c) In the case of Cash Flow Statement for the year ended on date March 31, 2019.
- (d) In the case of Statement of changes in equity for the year ended on date March 31, 2019.

Basis for Qualified Opinion

The company is required to make provision for Gratuity in respect of its employees as required under Payment of Gratuity Act, 1965 by following accrual basis and conducting the valuation by following independent actuarial valuations as at the balance sheet date by using the project unit cost method as mandated by Indian Accounting Standard-19 on Employee Benefits prescribed in the Companies (Accounting Standards) Rules, 2006 and Companies (Accounting Standards) Rules, 2016. The company has not made any provision for Gratuity and the said non-provision is contravention of Accounting Standard-1 on Significant Accounting Policies for not adhering to accrual basis as fundamental accounting assumption and Accounting Standard-15 on Employees Cost prescribed in the Companies (Accounting Standards) Rules, 2006. We are unable to ascertain the financial implication of the same. The net profit for the year, current assets cumulative net profits are overstated to that extent.

Emphasis of Matter

We draw your attention to the responsibility of the Company to arrange balance confirmations in respect of Accounts Receivable, Accounts Payable and other receivables/payables. The management did not have the balance confirmation of said parties. Accordingly, we directed the Company to send the confirmatory letters on its letter head requesting and asking the aforesaid various parties to confirm the balances directly to us. Few of the parties have confirmed the balances as on the date of signing the financials. Management of the company has represented to us that the same are good and have been shown as per values appearing in the books of accounts and have been treated as good for recovery/payment after considering or net-off provision for doubtful receivables. Accordingly Accounts Receivables and Payables balances and other receivables/payables are subject to confirmation and reconciliation. To that extent, we are unable to ascertain financial implication of same in the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Key Audit Matter: Adoption of Ind AS 115 “Revenue from Contract with Customers” (new revenue recognition standard)

Auditor’s Response: (a) Impact of adoption of new revenue recognition standard on the company is evaluated by us.

(b) We evaluated the company’s policy and design of internal controls relating to new revenue recognition standard.

(c) We selected a sample of contracts to assess the existence of distinct performance obligations, variable considerations and determination of transaction price.

Information Other than the Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Director’s Report, Report on Corporate Governance and General Shareholders Information, but does not include the financial statements and our auditor’s report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all

relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Companies Act, 2013, we give in the **Annexure 'A'** statement on the matters specified in paragraphs 3 and 4 of the Order, to the extent applicable.
2. As required by Section 143 (3) of the Companies Act, 2013, we report that:

Annexure 'B' to Independent Auditors' Report

Referred to in Paragraph 2 (f) under the heading of "report on other legal and regulatory requirements" of our report of even date

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of SOUTHERN INFOSYS LIMITED ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on internal policies & procedures, accounting records and essential components on the internal control over financial reporting criteria established by the Company as per Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:

- a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- c) Provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the Company's internal policies & procedures and accounting records and implementation of essential components on the internal controls over financial reporting.

21. Significant Accounting Policies

A. Statement of Compliance with Ind AS

These financial statements have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013. The financial statements have also been prepared in accordance with the relevant presentation requirements of the Companies Act, 2013. The Company adopted Ind AS from 1st April, 2017.

Up to the year ended 31st March, 2017, the Company prepared its financial statements in accordance with the requirements of previous Generally Accepted Accounting Principles (GAAP), which includes Standards notified under the Companies (Accounting Standards) Rules, 2006.

B. Basis of Preparation

The financial statements are prepared in accordance with the historical cost convention, except for certain items that are measured at fair values, as explained in the accounting policies.

Fair Value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Company takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the following fair value hierarchy based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 - Quoted (unadjusted) market prices in active markets for identical assets or liabilities

Level 2 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable.

Level 3 - Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

Fair value for measurement and / or disclosure purposes in these financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of Ind AS 102 – Share-based Payment, leasing transactions that are within the scope of Ind AS 17 – Leases, and measurements that have some similarities to fair value but are not fair value, such as net realizable value in IndAS 2 – Inventories or value in use in Ind AS 36 – Impairment of Assets.

All the amounts included in the financial statements are reported in Indian Rupees ('Rupees' or 'Rs.'), except per share data and unless stated otherwise and rounded off to nearest Rupees.

C. Basis of classification of Current and Non-Current

The Company presents assets and liabilities in the balance sheet based on current/non-current classification.

An asset is classified as current when it is:

- a) Expected to be realized or intended to be sold or consumed in normal operating cycle
- b) Held primarily for the purpose of trading
- c) Expected to be realized within twelve months after the reporting period, or
- d) Cash or cash equivalent unless restricted from being exchanged or used to settle a liability for at least twelve months after the reporting period

All other assets are classified as non-current.

A liability is classified as current when:

- a) It is expected to be settled in normal operating cycle
- b) It is held primarily for the purpose of trading
- c) It is due to be settled within twelve months after the reporting period, or
- d) There is no unconditional right to defer the settlement of the liability for at least twelve months after the reporting period

All other liabilities are classified as non-current.

D. Operating Cycle

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013 and Ind AS 1 – Presentation of Financial Statements.

Based on the nature of products / activities of the Company and the normal time between acquisition of assets and their realization in cash or cash equivalents, the Company has determined its operating cycle as 12 months for the purpose of classification of its assets and liabilities as current and non-current.

E. Use of Estimates

The preparation of financial statements in conformity with Ind AS requires management to

make judgments, estimates and assumptions that affect the application of the accounting policies and the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from those estimates. The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period; they are recognized in the period of the revision and future periods if the revision affects both current and future periods.

F. Property, Plant and Equipment - Tangible Assets

Property, plant and equipment are stated at cost of acquisition or construction less accumulated depreciation and impairment, if any. For this purpose, cost includes deemed cost which represents the carrying value of property, plant and equipment recognized as at 1st April, 2016 measured as per the previous GAAP.

Cost is inclusive of inward freight, duties and taxes and incidental expenses related to acquisition. In respect of major projects involving construction, related pre-operational expenses form part of the value of assets capitalized. Expenses capitalized also include applicable borrowing costs for qualifying assets, if any. All up-gradation/enhancements are charged off as revenue expenditure unless they bring similar significant additional benefits.

An item of property, plant and equipment is derecognized upon disposal or when no future economic benefits are expected to arise from the continued use of asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognized in the Statement of Profit and Loss.

Depreciation of these assets commences when the assets are ready for their intended use which is generally on commissioning. Items of property, plant and equipment are depreciated in a manner that amortizes the cost (or other amount substituted for cost) of the assets after commissioning, less its residual value, over their useful lives as specified in Schedule II of the Companies Act, 2013 on a straight-line basis. Land is not depreciated.

The estimated useful lives of property, plant and equipment of the Company are as follows:

Asset	Life of Asset
Computers & Peripherals	3 - 6 Years
Furniture and Fixtures	10 Years
Office Equipment	5 Years

Assets held under finance leases are depreciated over their expected useful lives on the same basis as owned assets or, where shorter, the term of the relevant lease. Property, plant and

equipment's residual values and useful lives are reviewed at each Balance Sheet date and changes, if any, are treated as changes in accounting estimate.

G. Impairment of Assets

Impairment loss, if any, is provided to the extent, the carrying amount of assets or cash generating units exceed their recoverable amount.

Recoverable amount is higher of an asset's net selling price and its value in use. Value in use is the present value of estimated future cash flows expected to arise from the continuing use of an asset or cash generating unit and from its disposal at the end of its useful life.

Impairment losses recognized in prior years are reversed when there is an indication that the impairment losses recognized no longer exist or have decreased. Such reversals are recognized as an increase in carrying amounts of assets to the extent that it does not exceed the carrying amounts that would have been determined (net of amortization or depreciation) had no impairment loss been recognized in previous years.

H. Inventories

Inventories are stated at lower of cost and net realizable value. The cost is calculated on First In First Out method. Cost comprises expenditure incurred in the normal course of business in bringing such inventories to its present location and condition and includes, where applicable, appropriate overheads based on normal level of activity. Net realizable value is the estimated selling price less estimated costs for completion and sale.

I. Financial Assets

Recognition: Financial assets include Investments, Trade receivables, Advances, Security Deposits, Cash and cash equivalents. Such assets are initially recognised at transaction price when the Company becomes party to contractual obligations. The transaction price includes transaction costs unless the asset is being fair valued through the Statement of Profit and Loss.

Classification: Management determines the classification of an asset at initial recognition depending on the purpose for which the assets were acquired. The subsequent measurement of financial assets depends on such classification.

Financial assets are classified as those measured at:

- a) **Amortized cost**, where the financial assets are held solely for collection of cash flows arising from payments of principal and/ or interest.
- b) **Fair value through other comprehensive income (FVTOCI)**, where the financial assets are held not only for collection of cash flows arising from payments of principal and interest but also from the sale of such assets. Such assets are subsequently measured at fair value, with unrealized gains and losses arising from changes in the fair value being recognized in other comprehensive income.
- c) **Fair value through profit or loss (FVTPL)**, where the assets are managed in

accordance with an approved investment strategy that triggers purchase and sale decisions based on the fair value of such assets. Such assets are subsequently measured at fair value, with unrealized gains and losses arising from changes in the fair value being recognized in the Statement of Profit and Loss in the period in which they arise. Trade receivables, Advances, Security Deposits, Cash and cash equivalents etc. are classified for measurement at amortized cost while investments may fall under any of the aforesaid classes. However, in respect of particular investments in equity instruments that would otherwise be measured at fair value through profit or loss, an irrevocable election at initial recognition may be made to present subsequent changes in fair value through other comprehensive income.

Impairment: The Company assesses at each reporting date whether a financial asset (or a group of financial assets) such as investments, trade receivables, advances and security deposits held at amortized cost and financial assets that are measured at fair value through other comprehensive income are tested for impairment based on evidence or information that is available without undue cost or effort. Expected credit losses are assessed and loss allowances recognized if the credit quality of the financial asset has deteriorated significantly since initial recognition.

Reclassification: When and only when the business model is changed, the Company shall reclassify all affected financial assets prospectively from the reclassification date as subsequently measured at amortized cost, fair value through other comprehensive income, fair value through profit or loss without restating the previously recognized gains, losses or interest and in terms of the reclassification principles laid down in the Ind AS relating to Financial Instruments.

De-recognition: Financial assets are de-recognized when the right to receive cash flows from the assets has expired, or has been transferred, and the Company has transferred substantially all of the risks and rewards of ownership.

Concomitantly, if the asset is one that is measured at:

- a) Amortized cost, the gain or loss is recognized in the Statement of Profit and Loss;
- b) Fair value through other comprehensive income, the cumulative fair value adjustments previously taken to reserves are reclassified to the Statement of Profit and Loss unless the asset represents an equity investment in which case the cumulative fair value adjustments previously taken to reserves is reclassified within equity.

Income Recognition: Interest income is recognized in the Statement of Profit and Loss using the effective interest method. Dividend income is recognized in the Statement of Profit and Loss when the right to receive dividend is established.

J. Financial Liabilities

Borrowings, trade payables and other financial liabilities are initially recognized at the value of the respective contractual obligations. They are subsequently measured at amortized cost. Any discount or premium on redemption/ settlement is recognized in the Statement of Profit and Loss as finance cost over the life of the liability using the effective interest method

and adjusted to the liability figure disclosed in the Balance Sheet.

Financial liabilities are de-recognized when the liability is extinguished, that is, when the contractual obligation is discharged, cancelled and on expiry.

K. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

L. Cash Flow Statement

Cash Flows are reported using indirect method, whereby profit before tax is adjusted for the effect of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts payments.

M. Offsetting Financial Instruments

Financial assets and liabilities are offset and the net amount is included in the Balance Sheet where there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously.

N. Equity Instruments

Equity instruments are recognized at the value of the proceeds, net of direct costs of the capital issue.

O. Revenue

Revenue from the sale of goods is recognized when all the following conditions are satisfied:

- Company has transferred to the buyer the significant risks and rewards of ownership of the goods;
- Company retains neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold;
- The amount of revenue can be measured reliably;
- It is probable that the economic benefits associated with the transaction will flow to the Company; and

a) Sale of goods: Revenue is measured at the fair value of the consideration received or receivable for goods supplied, net of returns and discounts to customers. Revenue from the sale of goods includes excise and other duties which the Company pays as a principal but excludes amounts collected on behalf of third parties, such as sales tax, value added tax and goods and services tax.

b) Interest income: Income from a financial asset is recognised when it is probable that the economic benefits will flow to Company and the amount of income can be measured reliably. Interest income is accrued on time basis, by reference to the principal outstanding and at the interest rate as applicable.

- c) **Dividend income:** Dividend is recognized when the right to receive the payment is established (generally on shareholder's approval by the reporting date).
- d) **Other revenues:** These are recognised on accrual basis, except where there are uncertainties in realisation / determination of income and in such case income is recognised on realisation / certainty.

P. Employee Benefits

Short-term benefits:

A liability is recognised for benefits accruing to employees in respect of wages and salaries in the period the related service is rendered at the undiscounted amount of the benefits expected to be paid in exchange for that service. Liabilities recognised in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related service.

Q. Leases

Leases are recognized as a finance lease whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

a) **Company as a Lessee**

Assets used under finance leases are recognized as property, plant and equipment in the Balance Sheet for an amount that corresponds to the lower of fair value and the present value of minimum lease payments determined at the inception of the lease and a liability is recognized for an equivalent amount.

The minimum lease payments are apportioned between finance charges and reduction of the lease liability so as to achieve a constant rate of interest on the remaining balance of the liability. Finance charges are recognized in the Statement of Profit and Loss.

Rentals payable under operating leases are charged to the Statement of Profit and Loss on a straight-line basis over the term of the relevant lease unless the payments to the lessor are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

b) **Company as a Lessor**

Leases in which the Company does not transfer substantially all the risks and rewards of ownership of an asset are classified as operating leases. Where the Company is a lessor under an operating lease, the asset is capitalized within property, plant and equipment and depreciated over its useful economic life. Payments received under operating leases are recognized in the Statement of Profit and Loss on a straight-line basis over the term of the lease.

R. Taxes on Income

Income tax expense represents the sum of the tax currently payable and deferred taxation.

a) Current Tax

Current tax in the Statement of Profit and Loss is provided as the amount of tax payable in respect of taxable income for the period using tax rates and tax laws enacted during the period, together with any adjustment to tax payable in respect of previous years. Taxable profit differs from 'profit before tax' as reported in the statement of profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible.

b) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognized in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the deferred tax is also recognized in other comprehensive income or directly in equity respectively.

c) Minimum Alternate Tax

Minimum Alternate Tax (MAT) paid in accordance with the tax laws, which gives future economic benefits in the form of adjustment to future income tax liability, is considered as an asset if there is convincing evidence that the Group will pay normal income tax. Accordingly, MAT is recognized as an asset in the Balance Sheet when it is highly probable that future economic benefit associated with it will flow to the Group. Current and deferred tax are recognised in the statement of profit and loss, except when they relate to items that are recognized in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognized in other comprehensive income or directly in equity respectively. The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

S. Provisions

Provisions are recognized when, as a result of a past event, the Company has a legal or constructive obligation; it is probable that an outflow of resources will be required to settle the obligation; and the amount can be reliably estimated. The amount so recognized is a best estimate of the consideration required to settle the obligation at the reporting date, taking into account the risks and uncertainties surrounding the obligation.

In an event when the time value of money is material, the provision is carried at the present value of the cash flows estimated to settle the obligation.

T. Operating Segment

The Company operates only in single segment i.e. the Trading of "local computer" from where it is earning its revenue and incurring expense. The operating results are regularly reviewed and performance is assessed by its Chief Operating Decision Maker (CODM). All the company's resources are dedicated to this single segment and all the discrete financial information is available for this segment.

U. Earnings per share

Basic earnings per share is calculated by dividing profit or loss attributable to the owners of the company by weighted average number of equity shares outstanding during the financial year. The weighted average number of equity shares outstanding during the year is adjusted for events of bonus issue, share split and any new equity issue. For the purpose of calculating diluted earnings per share, profit or loss attributable to the owners of the Company and the weighted average number of shares outstanding during the year are adjusted for the effects of all dilutive potential equity shares.

V. Contingent liabilities

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood on outflow of resources is remote, no provision or disclosure is made.

W. Financial and Management Information Systems

The Company's Accounting System is designed to unify the Financial Records and also to comply with the relevant provisions of the Companies Act, 2013, to provide financial and cost information appropriate to the businesses and facilitate Internal Control.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the financial statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the

revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.
