Management's Discussion and Analysis of Financial Condition and Results of Operations:

Management's discussion and analysis of financial condition include forward-looking statements based on expectations of future events. Although the Management has considered future risks as part of the discussions, but the future uncertainties cannot be evaluated to the perfection.

A. Industry Structure and Development

The Indian economy, in the recent past, had to overcome varied challenges in its resolve to sustain its economic success. The major challenges always included unassumed external environment with slowdown in growth coupled with inflationary trends. The growth slowdown in India is broadly in line with trends in similar emerging economies. The Indian IT industry which use to be just a vender has a rapidly been taking position of a partner. The entire global industry is in the mode of implementing best practices to the advantage of IT industry. The IT industry world over has created new technologies and solutions to enable the industry in general become more competitive through time saving, improvisation and innovations.

We are establishing ourselves in this highly flourishing industry through dealings in various product software. The Company has been striving to build its own products requiring expert capabilities. The company, through its limited resources in its control, is acquiring domain knowledge of various industry and in particular the financial one.

B. OPPORTUNITIES AND THREATS

As a small organization aiming to be big player in industry, we have relentless focus on product development. We have, however, not yet realized our potential and are not present, or minimally present in a large part of the country. our efforts to acquire domain knowledge of different industry and our continual experience positions us well to enter new markets and also to expand the existing markets.

At the same time, there are challenges posed by rapidly evolving technology and business models, consolidation of solution vendors by customers and growing competition. To combat this we have to not only manage our talent pool but also acquire new talent and motivate them to continuously innovate. To successfully tap these opportunities, with the given constraints, we are exploring different business models to effectively meet customer expectations on cost effective business solutions. There is an opportunity created by years of hard-work and dedication, and the focus now is to convert this opportunity into Growth for the Company.

C. OUTLOOK

Worldwide IT spending is showing increasing trend. The recessionary industry conditions also gives an opportunity to the IT Industry to face the challenge of converting its clients into more technologically advanced for profitability and growth. The future of the company looks bright and we believe that with our vision for growth, we shall strive to capture growth. We are in process of expanding our customer base and consequently the market to increase shareholder value.

D. RISKS AND CONCERNS

The Management thoughtfully entered the IT industry. There does not seem to be any major risk or concern that cannot be dealt with considering the size of the company and its capability to face such uncertain risk. Management always tread consciously without risking the capital.

E. INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

Internal controls are a set of processes and policies/procedures put in place to help achieve the strategic objectives of an organization. Good controls encourage operational efficiency, compliance with laws, regulations and minimize errors, theft and fraud. At the same time internal controls also enhance reliability and accuracy of accounting data.

The Company continues to lay focus on defined procedures and policies, to achieve targets. We are conscious of the need for on schedule and high-quality delivery. The Company has defined roles, responsibilities and authorities for employees at all levels. The company ensures to check on the validity and correctness of internal reporting, which would in turn validate financial reporting. Southern Infosys has always been on a look out for implementing best practices of Corporate Governance. Companies with high Corporate Governance standards create greater value for all their stakeholders.

To further ensure better internal control, the Board empowers the Audit Committee, with the authority to investigate any matter relating to the internal control system.

F. FINANCIAL PERFORMANCE

Financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India to comply with the Accounting Standards notified under Section 211(3C) of the Companies Act, 1956 and guidelines issued by the Securities and Exchange Board of India. Management evaluates all recently issued or revised accounting standards on an ongoing basis. The Company discloses its unaudited financial results on a quarterly and audited financial results on annual basis. The financial results of the Company have been discussed in this report.

G. MATERIAL DEVELOPMENTS IN HUMAN RESOURCES

Indian IT industry continues to face challenges from an HR perspective in hiring, managing and retaining talent in current environment. Diversity and inclusion have been steadily gaining traction in corporate India in recent years. India's demographics are creating some unique challenges. Even as the world is graying, India is getting younger. Effectively managing a multigenerational workforce has also become an additional issue to be addressed.

Attracting quality manpower at an economically viable level still remains an issue and to address this issue, we have invested proactively in hiring, training, cross skill development, capability building and providing employees with value proposition.

Your Company's HR function continued its focus in the strategic direction of enhancing competency and talent development for the employees. With greater focus on goals based high performance culture and a clear performance and career growth plan for each employee, the next financial year will see employee learning substantially.

H. Disclosure of Material Transactions

Considering the size and nature of operations there were no related party transactions of a materially significant nature in terms of the listing agreement with the stock exchange that could have potential conflict with the interests of the company at large.
