ANNEXURE B TO THE INDEPENDENT AUDITOR'S REPORT OF EVEN DATE ON THE STANDALONE FINANCIAL STATEMENTS OF SOUTHERN INFOSYS LIMITED

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **Southern Infosys Limited** ("the Company") as of March 31, 2017 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that

- Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- Provide reasonable assurance regarding prevention and timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any

evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Disclaimer of Opinion

According to the information and explanation given to us, the Company has not established its internal financial control over financial reporting on criteria based on or considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over financial reporting issued by the Institute of Chartered Accountants of India. Because of this reason, we are unable to obtain sufficient appropriate audit evidence to provide a basis for our opinion whether the company had adequate internal financial controls over financial reporting and whether such internal financial controls were operating effectively as at March 31, 2016.

We have considered the disclaimer reported above in determining the nature, volume of transactions, materiality, timing, and extent of audit test applied in our audit of the standalone financial statement of the company and the disclaimer does not affect our opinion on the standalone financial statements of the company.

20. SIGNIFICANT ACCOUNTING POLICIES

a. basis of Preparation of Financial Statements

The Financial statements have been prepared in accordance with Indian Generally Accepted Principles ("GAAP") under the historical cost convention on accrual basis and are in accordance with the applicable accounting standard as prescribed under section 133 of Companies Act, 2013 (Act) read with rule 7 of companies (Accounts) rules, 2014, the provision of the act (to the extent notified) and guidelines issued by the Securities and Exchange Board of India (SEBI). Accounting policies have been consistently applied; except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in the accounting policy hitherto in use.

As required & mandated by the relevant guidelines prescribed under Companies Act, 2013, Company has prepared its financials as per Schedule III. All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products/services and the time between the acquisition of assets/ services for processing and their realization in cash and cash equivalents, the Company has considered a period of twelve months for the purposes of classification of assets and liabilities as current and non-current.

b. Use of Estimates

The preparation of the financial statements in conformity with GAAP requires the management to make estimates and assumptions that affect the reported balances of assets and liabilities and disclosures relating to contingent assets and liabilities as at the date of the financial statements and reported amounts of income and expenses during the year. Examples of such estimates include provisions for doubtful debts, future obligations under employee retirement benefit plans, income taxes and the useful lives of fixed tangible assets and intangible assets. Accounting estimates could change from period to period. Actual results could differ from those estimates. Appropriate changes are made as the Management becomes aware of changes in circumstances surrounding the estimates. Changes in estimates are reflected in the financial statements in the period in which changes are made and, if material, their effects are disclosed in the notes to the financial statements.

c. Fixed Tangible Assets

Fixed assets are stated at their original cost, less accumulated depreciation and impairment, if any. Direct costs such as inward freight, duties, taxes and incidental expenses are capitalized until such assets are ready for use.

d. Intangible Assets and Amortization

Intangible Assets & related expenditure are recognized as per criteria specified in **Accounting Standard-26 on "Intangible Assets"** as prescribed under section 133 of the Companies Act, 2013 ('Act') read with Rule 7 of the Companies (Accounts) Rules, 2014 and accounted for as under :-

- **Software acquired for internal or commercial use:** over a period of 36 months from the month subsequent to the month in which it got activated for commercial or internal use. The proposed amortization is based on the tenure of projects.
- The cost of software purchased for internal use or commercial use comprises its purchase price, including any import duties and other taxes (other than those subsequently recoverable by the enterprise from the taxing authorities) and any directly attributable expenditure on making the software ready for its use. Any trade discounts and rebates are deducted in arriving at the cost.

e. Depreciation

- a) Depreciation is provided on Written Down Value Method (WDV) on pro-rata basis in the manner specified in the Schedule II to the Companies Act, 2013.
- b) In the case of purchase/sale of asset, depreciation is computed on pro rata basis from the date of such addition or as the case may be, up to the date on which such asset has been sold, discarded, demolished or destroyed.
- c) The life of fixed assets is considered in accordance with the Schedule-II of the Companies Act-2013.

f. Inventories

Stock in trade is valued at cost or market value whichever is lower. Cost for the purchase of inventory valuation is calculated on First in First out Basis (FIFO).

g. Impairment of Assets

The Management periodically assesses whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual

disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized.

h. Revenue Recognition

Revenue is recognized at the point of invoicing to the customers and excludes sales tax(VAT), Service Tax, Trade Discounts, Claims and Rebates and on the basis time cost.

k. Income Taxes

The current charge for Income Tax is ascertained on the basis of assessable profits computed in accordance with the provisions of the Income Tax Act, 1961.

Minimum Alternative Tax (“MAT”) paid in accordance with the tax laws, which gives rise to future economic benefits in the form of tax credit against future income tax liability, is recognized as an asset in the Balance Sheet if there is convincing evidence that the Company will pay normal tax in subsequent years and the resultant asset can be measured reliably. MAT Credit entitlement can be carried forward and utilized for a period of ten years from the year in which the same is availed.

Deferred tax asset or deferred tax liability is recognized subject to the consideration of prudence, on timing differences, being the difference between the profits considered for income taxes and the profits as per the financial statements. Deferred tax assets and liabilities are recognized for timing differences, namely the differences that originate in one accounting period and reverse in another, based on the tax effect of the aggregate amount of timing difference. The tax effect is calculated on the accumulated timing differences at the end of an accounting period based on enacted or substantively enacted regulations. Deferred tax assets in situation where unabsorbed depreciation and carry forward business loss exists, are recognized only if there is virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax asset can be realized. Deferred tax assets, other than in situation of unabsorbed depreciation and carry forward business loss, are recognized only if there is reasonable certainty that they will be realized. Deferred tax assets are reviewed for the appropriateness of their respective carrying values at each reporting date.

l. Provisions and Contingent Liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the outflow of economic required to settle the obligation at the reporting date. Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is

a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Where the Company expects a provision to be reimbursed, the reimbursement is recognized as a separate Asset, only when such reimbursement is virtually certain. Contingent Liabilities are disclosed after an evaluation of the facts and legal aspects of the matters involved. Contingent Assets are neither recognized, nor disclosed. Provisions, Contingent Liabilities and Contingent Assets are reviewed at each Balance Sheet.

Provisions for onerous contracts, i.e. contracts unavoidable costs of meeting the obligations under the contract exceed the economic benefits expected to be received under it, are recognized when it is probable that an outflow of resources embodying economic benefits will be required to settle a present obligation as a result of an obligating event, based on a reliable estimate of such obligation.

m. Leases

Assets taken on lease under which lessor effectively retains all significant risks & rewards of ownership have been classified as operating lease. Lease payments made under operating lease are recognized as expense in the Statement of Profit & Loss on straight line basis over the primary term of the lease as mentioned in the lease agreement.

n. Earnings per Share

Basic earnings per share are computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.
